

IP54 Certified

The GUARDIQUE™ AluVault Pure series comprises professional-grade **100% aluminum** transport and storage cases designed to safeguard valuable and sensitive equipment across various demanding environments. Constructed from durable materials, these cases are ideal for industrial, military, scientific, and expeditionary applications.

Specification

- **Material:** High-quality aluminum (1.0 mm thickness)
- **Weight:** Varies by model; designed for optimal strength-to-weight ratio
- **Lid Opening Angle:** 95–100°
- **Padlock Compatibility:** Designed for 6 mm diameter padlocks
- **Handles:** Spring-loaded, rubberized aluminum handles, each rated to support up to 100 kg
- **Stackability:** Reinforced cast aluminum corners allow for secure stacking

Key Features

- **IP54 Certified:** Provides protection against limited dust ingress and water spray from any direction, supported by durable rubber sealing in the lid
- **Corrosion Resistance:** Aluminum construction provides resistance to rust and corrosion, ideal for humid or chemically aggressive environments
- **Secure Closure:** Strong aluminum latches with stainless steel brackets ensure the lid remains securely closed
- **Lid Support:** Two black nylon straps hold the lid open at a convenient angle
- **Lightweight Yet Durable:** Combines low weight with high structural strength, suitable for rugged handling
